The DDOs of all departments.

Sir,

Sub: MEDISEP - Arrear premium deduction of employees - reg.

Attention is invited to the captioned subject. As the arrear premium deduction of MEDISEP for those employees whose premium has not been deducted in the last month (i.e. Premium for July 2022, which was to be deducted from the salary of June 2022) cannot be effected through SPARK, such employees should remit their arrear premium for the month of July 2022 (and August 2022 if the salary processing for the month of July 2022 is over) through treasury chalan and furnish the remittance details to their DDOs. The DDOs concerned should ensure that arrear premium of those employees is being remitted to the respective heads of account before verification of the Premium Verification Check box in the MEDISEP website and verification should be done accordingly.

Yours Faithfully,
PREETHIA V.S
