Government have shortlisted 15 more Higher Secondary Schools for starting ASAP in the year 2014-15. As part of starting Skill Training Programme of ASAP in the schools following processes have to be completed.

- a. A faculty Co-ordinator has to be identified from among the HSS Teachers of respective schools for the proper running of the programme.
- b. Institution level orientation has to be given to create awareness among the school fraternity about ASAP
- c. Orientation and subsequent selection of students are to be done in these schools ensuring that only the most suitable students are joining ASAP Course

To co-ordinate these activities ASAP Secretariat is deploying Programme Managers to all these institutions. They were given specific training on all the processes involved so that school authorities shall not find it difficult to handle ASAP training. Hence Principals are directed to contact the Programme Managers allotted to each school and facilitate the ASAP activities in the school at the earliest
