**COURSE | Full Time**

**PG Diploma in Clinical Child Development (PGDCCD)**

This is the first course of its kind in India designed to generate qualified community level trainers in clinical child development (Development Therapists) for prevention of childhood disability. These Therapists can effectively deal with all areas of Early Child Care & Education including New born follow-up, Early Detection of Developmental delay and Early Stimulation therapy. Girls with Science Degree are eligible to apply for the course.

**COURSES | Part Time**

Conducted in partnership with Centre for Adult, Continuing Education & Extension (CACEE), University of Kerala

**PG Diploma in Developmental Neurology (PGD-DN)**

This course has been envisioned for enhancing the knowledge and skill of Paediatricians in early identification and intervention of neuro-developmental abnormalities, through specialized training in various aspects of child development.

Eligibility: MBBS, MD/Dip.NB/MNAMS/DCH| Duration: 1 year

**PG Diploma in Adolescent Paediatrics (PGD-AP)**

CDC, through the PGD AP course aims to provide knowledge and hands-on training to Paediatricians in various aspects of Adolescent care, Nutrition, and development, including multi-disciplinary skill training in Adolescent psychological support and Adolescent Paediatric services at hospitals.

Eligibility: MBBS, MD/Dip. NB/NAMS/DCH Duration: 1 year

**PG Diploma in Health Science Research (PGD-HSR)**

In this age of evidence-based medicine, it is important to make clinical decisions based on scientific evidence. The major objectives of P.G.Diploma in Health Science Research jointly proposed by the CACEE and Child Development Centre is to equip health professionals to interpret and apply the principles of research and epidemiology confidently to their fields of interest.

Eligibility: MBBS/BAMS/BHMS/BVSc./ BDS/ BSc. Nursing/ B. Pharm/BSMS/ BSc. MLT | Duration: 1 year

**PG Diploma in Child, Adolescent and Family Counselling (PGD-CAFC)**

Through this course, CDC aims to improve the psychological support services available for children, adolescents and their families, by providing knowledge and multidisciplinary skill training in various aspects of Child and Adolescent psychological development, and professional psychological support services catered to their individual, and family requirements.

Eligibility: MA Psychology/Sociology/Anthropology/MSW/MSc. Child Development/Home Science/Nutrition, or any other Masters Degree/B.Sc Nursing/PGDCCD or DCCD with graduation| Duration: 1 year
